REPORT

OF THE

STATE of the KENT and CANTERBURY HOSPITAL, by the AUDITORS,

For the Year 1795.

SINCE our laſt annual Report, not many occurrences have happened in the concerns of this Charity, which merit the particular attention of its benevolent ſupporters; one however is of material importance, which is, a bequeſt of the ſum of £500. but the pleaſure, which the Governors would otherwiſe have felt in announcing this intelligence, is more than counterbalanced by their regret for the loſs of the benevolent teſtator, John Jackſon, Eſq. late of this city; they are likewiſe indebted to the munificence of the Earl of Radnor, for a benefaction of £100.

On the anniverſary in the race-week, after a Sermon preached by the Rev. Dr. Luxmoore, Prebendary of this Cathedral, a collection was made of the ſum of £55. 1. 6. and in conſequence of Sermons preached in 21 pariſh-churches or diſſenting congregations, the farther ſum of £57. 11. 1. has been collected, as will appear ſpecified in the account. But notwithſtanding theſe favorable circumſtances, the Governors feel themſelves not leſs prompted by inclination, than bound by duty to intercede with the public for farther ſupport; the loſs, which the Charity has unhappily ſuſtained in the courſe of the laſt year by the deceaſe of ſeveral of its moſt liberal ſupporters,* claims ſtrongly an increaſe of patronage to ſupply the pecuniary deficiency; eſpecially when it is conſidered how greatly the preſent high price of every neceſſary of life, muſt affect an Inſtitution, where, notwithſtanding the moſt rigid economy, the conſumption muſt unavoidably be very great; but the moſt forcible argument, and which, with the humane and benevolent, will render any other ſuperfluous, is, that without additional ſupport, the Governors will probably again find themſelves under the painful neceſſity of refuſing admittance to many wretched and diſeaſed objects, from no other motive, than that their income is not adequate to maintain them; this, they are perſuaded, the liberality of the public will in future prevent; for however ſtrongly we may be induced from the hardſhips of the times to contract our expences,—yet let us not forget, how infinitely harder theſe muſt bear on the unfortunate, ſtruggling at once with diſeaſe and poverty! eſpecially if the gates of our charitable Aſylum be unavoidably ſhut againſt them.

Let every one then cheerfully contribute his annual donation, which will provide effectual relief for an afflicted fellow-creature, in the hour of his extreme diſtreſs.

* Rt. Hon. Lord Sondes; Tho. Heron, Eſq Miſs Chudleigh; J. H. Mann, Eſq. and the Rev. E. B. Benſon.

An Abſtract of ſome of the Statutes and Rules of the Hoſpital.

ALL Benefactors of Twenty Guineas and upwards, and all Subſcribers of two Guineas or more annually during payment, are Governors.

A General Board of the Governors is held twice in every year, viz. on Tueſday in Eaſter Week, when all the Officers are choſen, and the accounts for the year ſettled; and on Thurſday in the Week of Canterbury Races, as an Anniverſary Meeting, when a Sermon is preached at the Cathedral, and Collections made for the Charity.

A Weekly Board of Governors meet every Friday at 11 o'clock, to Admit and Diſcharge Patients, appoint two Governors to viſit the Houſe once every Day, for the enſuing Week, and tranſact the neceſſary buſineſs of the Hoſpital.

Every annual Subſcriber of One Guinea, or Benefactor of Ten Guineas, has a Right to recommend two Out-patients within the Year; every Subſcriber of Two Guineas or Benefactor of Twenty Guineas, one In-patient, and two Out-patients, or four Out-patients; every Subſcriber of Three Guineas, or Benefactor of Thirty Guineas, one In-patient and three Out-patients, or ſix Out-patients; every Subſcriber of Five Guineas, or Benefactor of Fifty Guineas, two In-patients and four Out-patients, or ten Out-patients within the year. The Head Magiſtrate of any Body Corporate, the Overſeers or Guardians of any Pariſh, or the Perſon preſiding in any Society, and the Miniſter of every Pariſh or Diſſenting Congregation, where Collections ſhall be made in conſequence of Charity Sermons, have the ſame right of recommending Patients as other annual Subſcribers of the like Sum—but no Subſcriber whatever ſhall have more than one In-patient at a time.

Every Subſcriber or Benefactor may depute any other Subſcriber to recommend Patients.

No Patient can be admitted but by the recommendation of a Subſcriber, Benefactor, or Deputy; unleſs in caſes which admit of no delay, (four Beds being always reſerved for accidents) when the Apothecary or Matron may receive Patients, giving immediate notice to the Phyſician and Surgeon of the Week.

SUBSCRIBERS are DESIRED to take NOTICE,

That it is contrary to the Rules and Orders, to admit any Patient on the Recommendation of an annual Subſcriber, who has not paid his Subſcription for that Year, *in which the Patient comes recommended*. All Subſcriptions become payable on the firſt of January, and at whatever Times of the Year they happen to be paid, they entitle the Subſcriber to recommend no longer than till the firſt of January following; *it is ſuppoſed that every Perſon will continue his Subſcription for the enſuing Year, unleſs Notice to the contrary is ſent to the Secretary at the Hoſpital.* And it ſhould be obſerved, the purpoſes of the Charity are beſt anſwered by an early Payment of the annual Subſcriptions, as it gives the Subſcribers a longer opportunity of recommending Patients, tends to prevent uncertainty in the eſtimate of the annual Income, and enables the Governors to judge what addition thereto, from their caſual and precarious Receipts, may be requiſite to diſcharge the current and ordinary Expences of the Year.

RULES *to be obſerved, relative to the* RECOMMENDATION *and* ADMISSION *of* PATIENTS.

By the preſent Rules of the Hoſpital, no domeſtic Servants, whoſe Indigence entitles them to Recommendation and Relief, are excluded from Admiſſion; but it is contrary to the ſaid Rules and to the Deſign of this Charity, to relieve any Perſons (or their Wives, Children, or *Apprentices*) whoſe Circumſtances enable them to pay for their Cure; ſince the admitting ſuch Patients would not only be a Miſapplication of the Subſcription Money, and prejudicial to thoſe real Objects of the Charity whoſe Room they fill, but might be alſo diſadvantageous to the Phyſicians and Surgeons who attend the Hoſpital *gratis*, as well as to thoſe of the ſame Profeſſion in the Country. It is therefore deſired that Gentlemen will make due Enquiry, and ſatisfy themſelves that the Patients they recommend as *proper Objects of the Charity*, are in *this* as well as in *other* Reſpects *really* ſo: for the Weekly Board (however cautious and careful to guard againſt the Impoſitions of pretended Poverty) cannot poſſibly be otherwiſe certified of the Circumſtances of many Patients recommended from the diſtant Parts of the County; but if at, or after their Admiſſion, any of them ſhould appear to be Perſons who have no juſt Claim to the Charity, no Recommender can take it amiſs that they are refuſed or diſcharged as ſuch.

*** Out-Patients coming from any Place that is diſtant four Miles or upwards, are allowed one Shilling per Week, towards defraying their expences while reſident at Canterbury.

No Patients that have been diſcharged for Irregularity, or wilful Non-attendance, are to be received on any Recommendation whatſoever. And none are to be admitted or permitted to continue as *In* patients, who are diſordered in their ſenſes, or ſuſpected to have the Small Pox, Itch, or infectious diſtemper, or who are not clean and free from vermin, none under ſeven years of Age, nor Women big with Child, nor any who are apprehended to be in a Conſumptive or Dying condition, or who are ſuſpected to have the Venereal Diſeaſe, or who may receive equal benefit as *Out*-patients; but exceptions are to be made in caſes of accidents, or other extraordinary emergencies.

And whereas many have been recommended as Patients, with *inveterate Ulcers*, a Reſolution of a General Board of Governors has been made, that for the future, no ſuch Patients be admitted a *ſecond time*, without a previous conſultation of Surgeons on their Caſe.—And it muſt always be left to the judgment of the receiving Phyſician or Surgeon, not only whether the Patients are proper Objects according to the Limitations here preſcribed, but alſo whether they are to be admitted as *In*- or *Out* patients.

Whenever there is want of Room in the Hoſpital for the Admiſſion of ſuch In patients as are qualified according to the Rules of the Charity, the Preference is given firſt to thoſe whoſe Caſes admit of the leaſt delay—in the ſecond Place to thoſe who live at the greateſt diſtance—and in the third Place to thoſe recommended by ſuch Subſcribers and Benefactors or their Deputies, as have not recommended any In-patients within the Year.—And thoſe who cannot be admitted for want of room, are minuted down in the Books for admiſſion and received into the Houſe by the Matron, upon the firſt vacancy; and in the mean time are treated as Out-patients.
